

Job Opening – Tablet Press Operator

Full time, Permanent

Location: Tab Labs Production Facility - Langley, BC

Date – April 8, 2021

The Opportunity:

Tab Labs currently has an exciting opportunity for a detail-oriented Tablet Press Operator. The successful candidate will work in our Production facility reporting to the Director of Operations. The role's key responsibility is setting up and operating the Tablet Press and ensuring the production of quality products.

About Tab Labs:

Who We Are

At the heart of Tab Labs our vision is a strong, solid, well-managed exciting and innovative company with high business ethics and an excellent reputation. A company that offers great opportunities and a place where people like to work. Tab Labs is owned by Fertin Pharma in Denmark and is part of a global organization with over 700 employees across manufacturing facilities in Canada, Denmark, and India. If you are interested in contributing to the development of cutting-edge product alongside talented and dynamic industry and business professionals, this opportunity is for you.

What We Do

Develop and manufacture innovative confectionary and nutraceutical products (tablets, gum, lozenges) that enhance the efficacy of active and functional ingredients. We ensure the highest standard of food safety without compromising taste, texture, and the consumer experience.

Our Benefits

Tab Labs offers a competitive compensation package, a benefits program, and a work environment where our team members are highly engaged.

Key Responsibilities

- Setting up and operating tablet pressing machines
- Maintain tablet presses in good working order, inspect presses for wear
- Complete necessary paperwork
- Conduct quality checks and monitoring
- Responsible for in-process checks like average weight, thickness, hardness, friability, and individual tablet weight
- Responsible for area cleanliness of the compression room and machine
- Maintaining an organized, clean, and safe workspace.

Skills and Qualifications

- High School Diploma or GED preferred
- 1 or more years of tableting, coating, and encapsulation experience in a manufacturing environment
- Ability to lift or move up to 25 kgs
- Strong English communication skills
- Ability to work in a fast-paced, changing environment while maintaining a dedication to quality and safety
- Physically fit, with the ability to stand and move for an extended period.
- Demonstrates high attention to detail to increase productivity

If this role sounds interesting and you have the qualifications, we would love you hear from you. Please apply by forwarding your resume, cover letter and salary expectations to stevent@tablabs.ca

We thank all applicants for their interest; however only those selected for an interview will be contacted. Tab Labs is an equal opportunity employer.
